LISTEN.

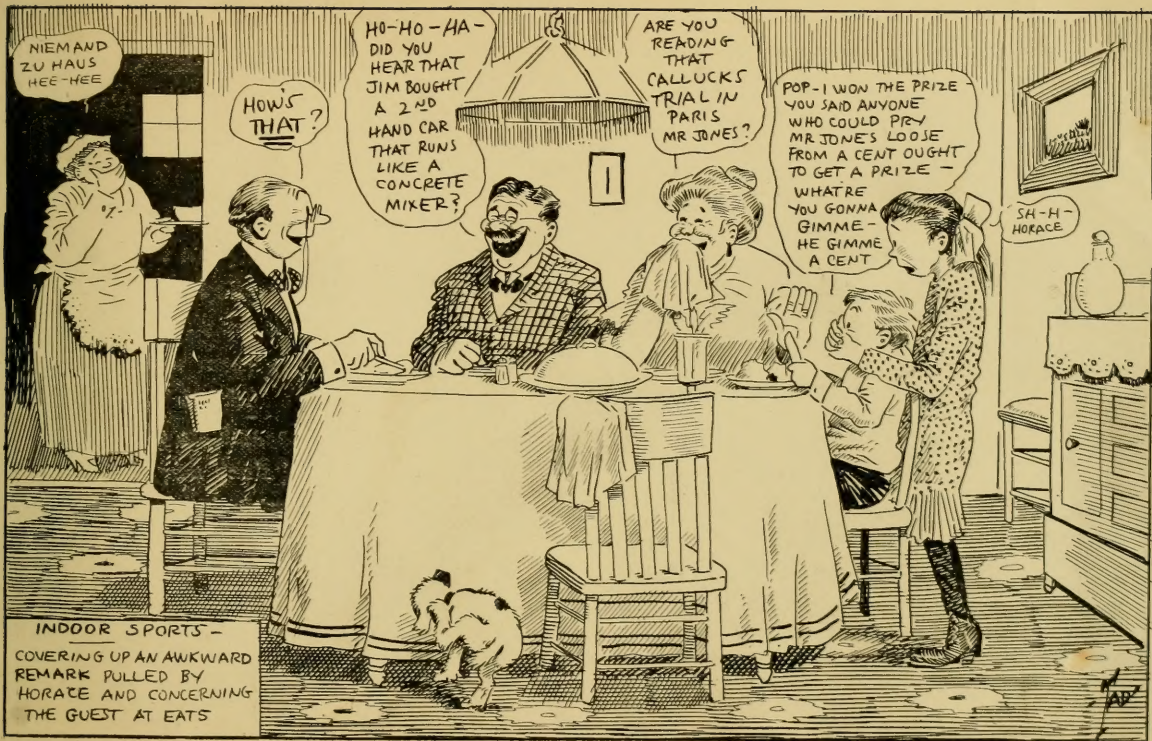

We slip you here a collection of INDOOR SPORTS the "Assassins of Sorrow"
Sit right down, take a load off your feet and give them the up and down.

How many times have you howled with joy when another fellow got into a jam eh?
How many times have you moaned and wept when you were in the very same
fix eh?

No stalling, am I right? Do you follow me or am I all alone?

If you can't jerk out a ten cent smile over some of the jams that you were in,
and shown here on the parchment, get a nice hard poker slam your knob
once or twice and sing out NOBODY HOME.
